Welcome Kids, Parents, Teachers and Creative fun-loving people.

We are holding our 1st Fantasy Garden competition here at Big Jims Garden Centre.

Fantasy Gardens are our take on a combination of Fairy and Miniature Gardens which can include Animals. A Fantasy garden should be complete with structures and actual living plants as well as anything else you feel fits with your garden theme. It's a tiny space created and tended with love.

Fantasy Gardens are magical and enchanting, made by people like you. They are all about creativity and imagination. So get out your tiny rakes and trowels...find some moss and magic and make your own Fantasy Garden. We want you to be as creative as you can - let your imagination run wild. Use whatever you can find lying around. The ideas are endless.

We have created four group categories to enter your gardens into with every entry winning a prize. We have a total prize pool of \$1000.

Your creations will need to be started soon so start planning your gardens.

The competition is now open with delivery of your gardens to the Garden Centre from Monday September 26th to Friday September 30th with your completed entry form. Voting is open to the public over the following week, with the winner announced at 3pm on Saturday October 8th. Your gardens can be collected at any time after the competition is over.

The entry form can be copied, printed from our website www.bigjims.co.nz, or we can send out more, and please feel free to contact us if you have any queries about the competition, either by phone: (06) 7552487 or email: info@bigjims.co.nz.

Have Fun,

From the Team at Big Jims Garden Centre
